

# Luxer Fridge

Luxer Fridge is a commercial refrigerator fully integrated with the Luxer Lockers system. Residents are notified when they receive a perishable delivery and receive an access code to unlock the refrigerator to claim their items.

Feel the Chill

Community fridge with video surveillance

High quality US-manufactured commercial refrigerator, with local parts & service

Proprietary locking technology for secure controlled access

Adjustable interior shelves to accommodate large flower arrangements or other oversized deliveries

Environmentally-friendly refrigerant, resulting in zero ozone depletion potential

# Luxer Fridge
